# This Style Guide

contains a small selection of a much larger library of products. We can customize any of these products to your exact requirements. We also offer many more fully customizable designs and finishing options.

## Custom Design & Estimating:

We create packaging solutions that are not just imaginative and innovative, but also precision-engineered for optimum manufacturability. Our designs are structurally sound, highly functional, and durable. Any concept or idea can be transformed into custom packaging that fits your needs.

## Handmade Prototypes & Samples:

Available undecorated to show size and construction, or decorated with full-color printing.

## Templates & Artwork Preparation:

When you've decided on a product design, you will receive your template to which you set your final graphic design. This ensures that your final product will precisely match your design. We provide all the production specifications and information you may need.

## Contents & Fulfillment:

Once your creative custom packaging is manufactured, we can help you with the contents. We offer complete fulfillment and distribution services.

# DYNAMIC Digital Packaging

NO MINIMUM QUANTITY!

Custom packaging, digitally printed to feature:

Variable Data - Image Personalization - Personalized URLs

Variable Data is a unique feature of digital packaging in which text, graphics and images can be customized from one printed piece to the next.

Increase response rates by delivering a wide range of personal messages with Image Personalization. There are hundreds of designs to choose from!

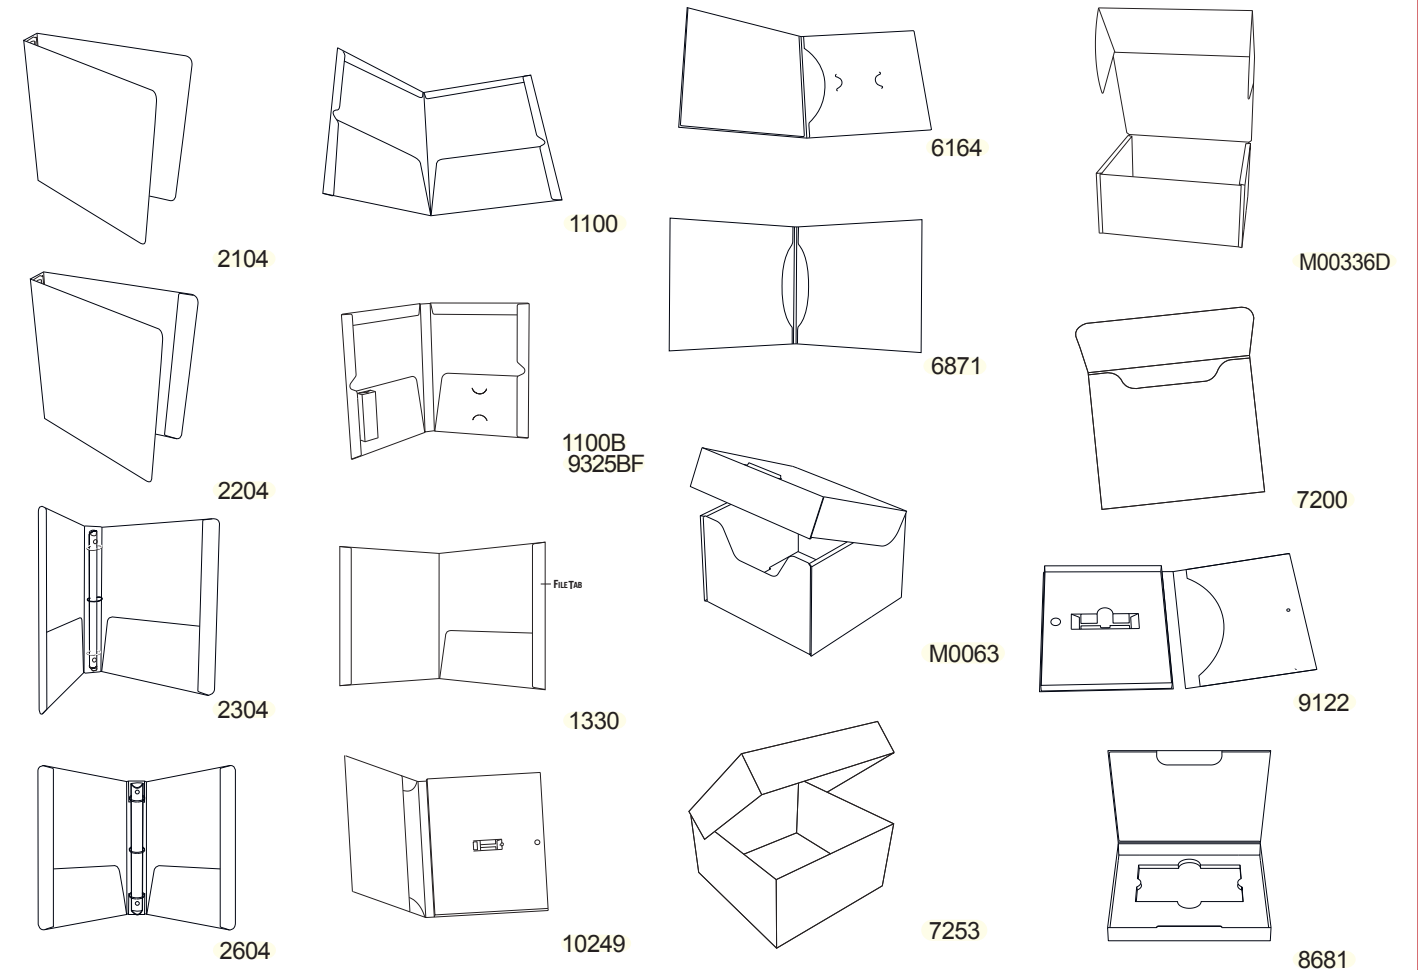

A PURL, or personalized URL is a personalized web page, dynamically created and designed to speak directly to your target audience. Combine custom digital packaging with a PURL to maximize response rates.

Consider utilizing digital printing for your presentation and promotion packaging needs!

Many of the products in this style guide can be printed digitally with no minimum quantity to feature variable data, image personalization, and personalized URLs.

Digital Products Include:

Custom Digital Packaging Complete with Audio and Video

Personalized Proposal Binders

Digital Mailers with PURL and Personalized Landing Page
